CALL FOR ENTRIES

Entries are invited for the 49th annual National English Olympiad, to be examined on Tuesday, 5 March 2024.

THE PURPOSE OF THE ENGLISH OLYMPIAD

The English Olympiad aims to enrich young people through the study of English, while at the same time encouraging learners to explore the English language and its literature beyond the scope of the normal school curriculum. In so doing, the English Olympiad encourages learners –

- to take responsibility for their own learning;
- to become empowered through the rigours of academic writing;
- to think critically and creatively;
- to see the relevance of what they study – both to themselves and to the world around them;
- to question their assumptions and to explore alternative ways of thinking and of experiencing the world in which they live;
- to express those experiences in critically and creatively written responses to the English Olympiad examination questions; and
- to substantiate their opinions with relevant reference to the texts prescribed for the Olympiad.

THE SYLLABUS FOR 2024

The theme of the 2024 English Olympiad will be “**Resilience**”, and the examinations will be based on an anthology of selected prose memoirs and a study guide compiled by Chief Examiner Liz Herselman.

THE DATE & TIME OF THE EXAMINATIONS

There will be two examinations – one for candidates entering the English Home Language (HL) competition, and another for English First Additional Language (FAL).

Both examinations will be written simultaneously at all participating schools on **5 March 2024**.

On 5 March the examination session may commence **at any time between 11:00 and 14:00**, at the discretion of each school, provided that candidates are allowed 3 hours to write. All schools are asked to ensure that the date and the time of the examination are included in their 2024 school calendars.

Please note that the date of the examination is determined by the time needed to assess the scripts, moderate the marking and process the results, so that the top candidates may be invited to attend the midyear National Schools’ Festival. For this reason, we regret that requests for alternative dates cannot be considered.

THE FORMAT OF THE EXAMINATION

Candidates are required to prepare for a **3-hour, open-book examination**.

They may use the Olympiad anthology during the examination, but **the study guide may NOT be taken into the examination venue**. Candidates should be advised that, although the Olympiad is an open-book examination, they should prepare thoroughly and make sure that they are well-acquainted with the prescribed texts.

The examination will require answers to the following:

- one question from Section A – a discursive essay (60 marks)
- one question from Section B – a creative response (40 marks)

When enrolling for the Olympiad, each candidate has the choice of the **Home Language (HL)** or the **First Additional Language (FAL)** examination. All schools are encouraged to enter their candidates to write the HL paper, but candidates may choose to write the FAL paper **if they are studying English FAL at their school**. Teachers must indicate clearly on the Entry Form whether their candidates intend to write the HL paper or the FAL paper. **(Note: If there is no indication that a candidate is entering the FAL examination, it will be assumed that the candidate will be writing the HL examination.)**

HOW TO ENTER

The competition is open to ALL learners (English HL and FAL) who will be in **Grades 9 to 12 in 2024** - that is, those learners who are in Grades 8 to 11 in 2023. Entries are only accepted via schools. No individual or private entries are accepted.

To enter its learners for the **2024 English Olympiad**, a school must complete both sides of the official **Entry Form**, and email or fax the form (with proof of payment of the entry fees) to the Olympiad Officer before the closing date.

The CLOSING DATE for entries is 30 September 2023.

(We regret that late entries cannot be accepted.)

ENTRY FEE: R115 per candidate (incl VAT)

The Entry Fee covers the cost of the study materials (an anthology and a study guide) for each candidate, as well as the examination materials, formal assessments and certificates.

Copies of the anthology and study guide for use by teachers are available at **R30** per set (incl VAT).

The completed **Entry Forms** and **Proof of Payment** must be received by the Olympiad Officer on or before the closing date. Please note that entries cannot be processed without proof of payment.

DELIVERY/COURIER FEE

A fee of **R150 per school** is applicable for the packaging and delivery of STUDY MATERIALS to be sent to schools in South Africa. Schools outside South Africa are required to pay full courier costs.

NB - Please remember to include this fee when submitting your school's entries.

We regret that study materials cannot be sent to schools that have not paid the delivery fee.

DETAILED ASSESMENTS

A limited number of candidates may apply for detailed written comment on their individual scripts. Application for a detailed assessment must be made on the Entry Form when the school sends its entries and proof of payment to the Olympiad Officer. **The fee for each detailed assessment is R190, in addition to the entry fee.** A maximum of two detailed assessments per school is permitted.

Note: Detailed assessments will be sent to candidates via their schools after the Olympiad results have been released at the end of June 2024. Answer scripts are not returned to schools or to candidates.

ENGLISH OLYMPIAD ENTRY FEE BURSARIES

The Eastern Cape Branch of SACEE offers a limited number of partial bursaries to learners who cannot afford the full English Olympiad entry fee. If a candidate is not able to afford the full entry fee, he/she should write and sign a short letter of application that explains why he/she wishes to write the English Olympiad and how he/she plans to prepare for the examination. The letter must also confirm that the candidate is fully committed to writing the examination on 5 March 2024.

A letter from the School Principal, endorsing the candidate's bursary application and verifying that the applicant is normally not required to pay school fees, must be included with each bursary application.

Bursary applications should be received by the Olympiad Officer by **16 September 2023** so that the school may be notified of the outcome before the deadline for entries and fee payments. Bursaries will be awarded to those who satisfy the bursary qualification requirements, on a first come, first served basis. Decisions may be based on the commitment that the school has previously demonstrated in ensuring that their candidates write the examination for which they have entered.

Successful bursary applicants will pay a reduced fee of **R60 per entry**.

(NB - Please do not send payment until the Olympiad Officer has confirmed the outcome of the bursary application.)
